FLINTS STAPLERS

Raised Flush Heavy Stapler

F Flints 3-in-1 Staple Gun This multi-functional stapler allows staples to be fired in flush, or raised by 3 mm which is perfect for attaching canvas to flats for easy removal or for temporarily fixing cables. As pictured, the housing can rotate 90° to create a powerful stapler for stapling wads of paper [up to 60 sheets] or other materials. It may obliterate smaller piles of paper which could be stapled with a desktop stapler! Uses: Arrow JT21 and Rapid Series 13.

OK so these boards really don't look like anything impressive, BUT what they represent is very important. These are boards we made in house when testing out staple guns - this is just one tiny example of the testing and sampling work we do on all products before they can be listed in our catalogue. Might seem like overkill, but we take it very seriously, and want to ensure we are always giving you our honest opinions on products, and that they stand up to the mark! When you consider that we have over 850 new product lines that have gone into this edition of the catalogue, it shows you just how much work goes on behind the scenes!

Sadly things sometimes do go wrong, and we know there have been a few problems with our 6-in-1 staple guns, which is why we have dramatically reduced the price! Of course, if you get a faulty one, we'll replace it hassle free. All part of the Flints Service.
